Adding NetTutor to a Canvas Course

- 1. Log into Canvas.
- 2. Select a course for which you would like to add NetTutor.
- 3. When you arrive at the course homepage, navigate to the left panel and click Settings.
- 4. Select the Navigation tab.
- 5. Locate the link for NetTutor in the list of hidden items and drag it to the list of visible items
- 6. Scroll down to the bottom of the page and click Save.
- 7. You should now have a link to NetTutor visible in the Course Navigation.
- 8. If you would like to see a student's view of the course page, navigate back to Settings and select Student View on the right.
